Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

1. This Office Action is responsive to communication filed on 04/15/2009.

Response to Amendment

2. The proposed amendments to claims will not be entered because they would require further search and/or consideration. For example, claims 1, and 3 now recites "display menu comprises at least one instruction icon to command an alternating display" and "as commanded on a second predetermined area of the screen of play list indicating sound files". The previous underlined arrangements were not previously defined, thus making the amended claims more specific and necessitating further search/or consideration. Independent claims 1 and 3 thus would require further search and/or consideration.
